> THE CARE OF DEPENDENT CHILDREN Superintendent Warner Gives Information

About the New Board. Dr. C. B. Purvis, representing the ladies constituting the National Association for the Relief of Destitute Colored Women and Children. called upon the superintendent of charities this morning to inquire as to the operations of the new board of children's guardians and as to how the several institutions were to receive money from the public treasury if the entire fund for the care of dependent children was placed at the disposai of the new board, as contemplated by the pending appropriation bill.

The superintendent explained that the board had not yet organized, but would meet for organization next Wednesday; that its existence would in nowise interfere with the autonomy of the several institutions, their charters and boards of management remaining precisely as before. It would be the duty of the new board, he said, to investigate in the first instance all cases of children said to be destitute, and if ou the presentation of facts

NEWS FROM FREDERICK. Proposed Convention of Volunteer Firemen -A Home for the Aged Opened.

Correspondence of The Evening Star. FREDERICK, MD., January 6, 1893. A meeting of committees from the United, Independent and Junior Fire Companies of Frederick, the Guardian Hose Company of Mechanicstown and the Vigilant Hose Company of Emmittsburg, this county, will be held in this city on next Thursday, when arrangements will be made for the organization of a state firemen's association to include the volunteer fire companies at Rockville, Hvattsville, Laurel, Westminster, Annapolis, Ellicott City, Hagerstown, Cumberland, Baltimore This but changes the route so a company to run from Virginia avenue along G street to the river and cross by means of a ferry to Analostan Island and thence by a trestle to the Virginia shore. The route now proposed is to begin at the corner of M and 32d streets in Georgetown; along M street to the Aqueduct bridge and over that structure by a single track to be laid where the west footwalk is now located so as (the bill states) not to interfere with the present roadway.

The track is to be laid under the supervision of the commissioners and where needed the bridge is to be strengthened at the expense of the country have assured the committee that they will be present to take part in the parade the company. The amendment will go before the committee for their action.

A RESOLUTION OF INQUIRY.

Mr. Gallinger has prepared for introduction in the Senate a joint resolution that bears on the proposed use of the bridge. The resolution requires the Secretary of War to cause an examination to be made of the piers of the senate a local piers of the senate and tournament, which are to be features of the anniversary. THE PRICE

Still it is not the chief feature. Poor dentistry is it initely worse than none. We solicit your patrons olely on the merit of our work. That the prices are low is incidental and due to superior facilities and the skill which produces rapidity. In Deptistry time is noney and if our experts, with every improved appliance, can do work quicker they can naturally do it cheaper than operators with less skill and poores equipment. That they can do it with less pain follows, as a matter of course. Extracting, 25c.; with Gas. 50
